

T8/T5 - 2' X 4' FLUORESCENT RECESSED DIRECT/INDIRECT CENTER MOUNT STYLE WITH LOUVER

APPLICATION:

General illumination for health care facilities, educational institutions, airports, commercial offices, retail and many other applications.

PRODUCT FEATURES:

- Shiloh Series Louvers are designed to increase visual enhancement directly to the task while producing a glare-free environment
- Proprietary "light lock system" prevents light leakage at both ends of lamp shield
- Steel side reflectors intersect with housing to ensure seamless appearance
- Lamp shield pivots down for easy installation of lamps
- Ballast can be accessed from below the ceiling
- Lamp shield is 2/3 60% perforated white mesh metal and 1/3 white louvers
- Louvers are baked white enamel and backed by diffusing shield to eliminate lamp image
- Post-painted soft white powder coat finish maximizes distribution and efficiency while providing visual comfort
- All sides and corners are turned in and hemmed, removing sharp edges for safe handling and installation
- Four corner tie points are standard for safety wire support when required

- Built-in earthquake clips come standard
- Same-day shipping on most options (Consult factory)
- Supplied standard with Philips Advance, GE or Universal ballast
- Wide variety of dimming and daylight harvesting options available
- Consult factory for continuous row mounting
- CEE qualified ballast comes standard on most fixture options (Consult factory for details)
- NEC required ballast disconnect is standard

LISTING

UL/C-UL listed to US and Canadian standards

WARRANTY

Guaranteed for one year against mechanical defects
