## Decorative Mailbox and Street Sign Poles

### Available in embedded style

Our Mailbox and Street Sign poles have a Victorian II style base and fluted shaft. They are constructed with the same high quality prestressed concrete and centrifugally cast for long lasting durability.

#### Features and Benefits

- Prestressed steel and highest quality concrete are centrifugally cast for ultimate strength and long-term aesthetic appeal.
- Natural stone and terrazzo aggregates maintain a like new appearance with virtually no maintenance.
- Conforms to applicable sections of ACI, AASHTO, ASTM, and IBC standards.
- Exclusive 10-year warranty

#### Colors and Finishes

A wide range of standard, pre-formulated and custom colors are available. The concrete shafts are lightly blasted to expose the texture and color of the natural stone. See separate Aggregates and Finishes sheet for details. We offer Amershield™, a premium graffiti-resistant coating, as well as other durable sealers and protectants that further enhance colors, protect the concrete surface and aid in the removal of graffiti.

#### Durability with a classic touch.
