Surface / Recessed 48V Track System

FEATURES

- 48V track system for intelligent track luminaires
- Low profile minimalistic track constructed of extruded aluminum in 4', 6' and 8' sections
- Recessed, surface, rigid or cable suspension mounting
- SMARTrack works with DALI, 0-10V or BLE (bluetooth) enabled track luminaires
- Field cuttable and drillable
- Mounting clips included with recessed track

LUMINAIRE COMPATIBILITY

The SMARTrack system is designed for use with SMARTrack compatible luminaires

CONSTRUCTION

• Low Profile extruded aluminium track

ELECTRICAL SYSTEM

- 48V. 25A max
- Heavy gauge copper power bus conductors
- Copper data bus conductors for 0-10V or DALI dimming systems
- Data information can be picked up anywhere along the track

FINISHES

• Available in either powder coat white or black

POWER SUPPLY

• UL Listed remote 48V power supply (See below options)

LISTING/WARRANTY

- UL Listed to US and Canadian Standards for Dry Locations.
- One (1) Year Limited Warranty

Remote Distance Guide For 48V Power Supply

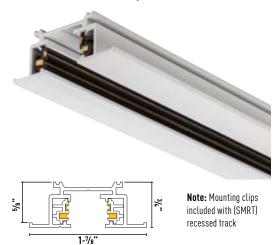

Distance	Wire Gauge (Awg)
150ft	12AWG Feed
100ft	14AWG Feed
40ft	18AWG Feed

NOTES	TYPE	

POLARITY GROOVE

Neutral is indicated on the track by a groove placed along the surface of the track. The track connectors show neutral polarity line on the connectors. Polarity line on track must line up with polarity line on the connector. Note: For isolated connector simply pull conductors.
