

PANTHELLA 320 TABLE LAMP

Designed by Verner Panton

Description

The fixture emits a soft, comfortable, glare-free, light. The metal-shade versions direct the light directly downward, creating a pleasant illumination due to the inner white-painted shade and the reflection from the trumpet-shaped stem. The opal acrylic produces a diffused, comfortable light due to the translucent shade, the downward reflection from the inner shade, and the reflection from the trumpet-shaped stem.
