SPECIFICATIONS:

CERTIFICATIONS:

- Suitable for Dry Locations
- CSA Listed (US and Canada)
- Made in USA, Manufactured and Hand-Crafted in Titusville, Florida

CONSTRUCTION:

- Polyester Powder Coat Electro-Statically Applied and Thermocured
- Hand-Spun, High Purity 0.050" Thick 3003-O Temper Aluminum Shade

ELECTRICAL:

- Light Source: 60 Watt Max
- Integrated NEMA Plug with On/Off Switch
- 2 Prong Polarized Plug

A - FINISHES

Similar to the other stages in our manufacturing process, we apply the powder coat finish by hand. Ranging from bright and lively to more subdued colors, there's a finish matching any space's needs. The powder coat is durable and able to withstand installation in outdoor settings and high traffic commercial venues.

POWDER COAT FINISHES

For a slightly more sophisticated look, brass can be used in the Downtown Swing Arm's construction.

NATURAL FINISHES

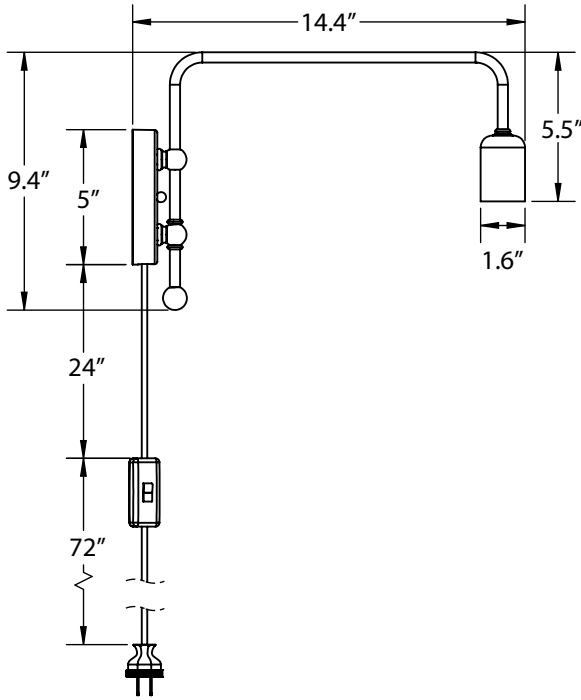

997 RAW BRASS

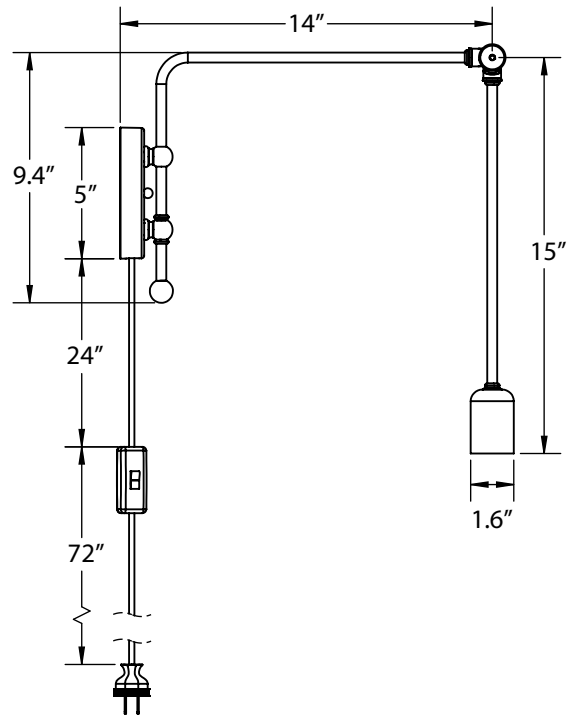

B - MOUNTING

A plug-in socket with an On/Off Switch is included in the Downtown Swing Arm's design. Several other customization options alter the Downtown Swing Arm's purpose in a décor. To deliver light further from the wall, the extended arm offers additional length to the sconce's structure. When combined with the standard swing arm, the swivel knuckle provides a wider range of movement and adjustability, letting the arm be maneuvered to focus light onto particular surfaces.

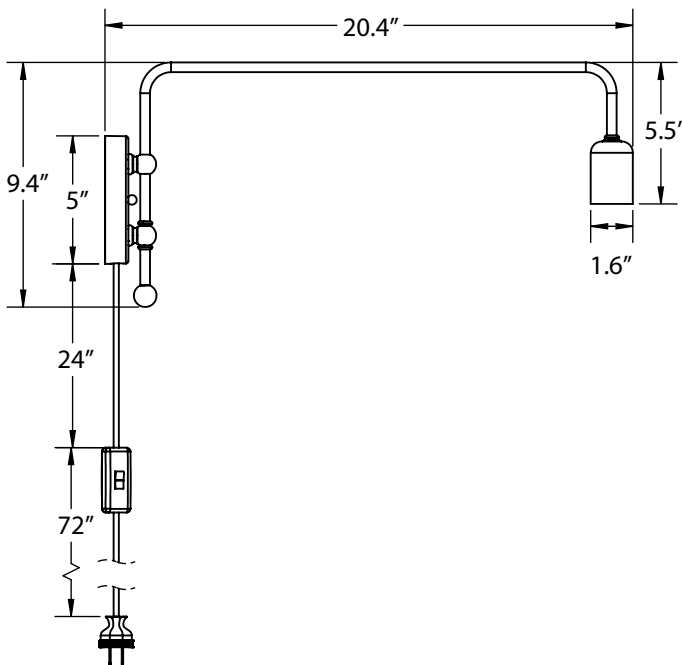

14" EXTENDED ARM (G66)

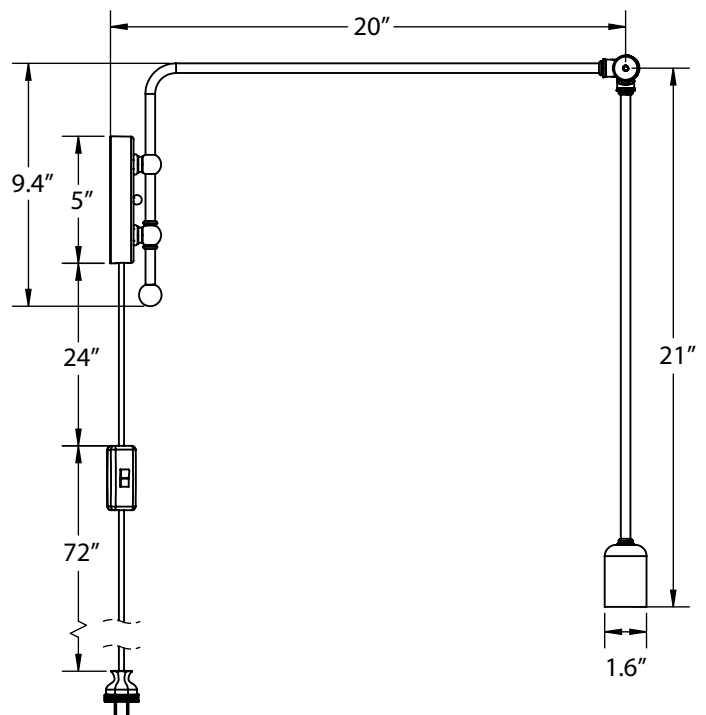

14" EXTENDED ARM WITH SWIVEL KNUCKLE (G67)

20" EXTENDED ARM (G68)

20" EXTENDED ARM WITH SWIVEL KNUCKLE (G69)

C - PLUG-IN CORD OPTION

The optional plug with inline on/off switch will allow this fixture to be installed in almost any location. If selected, customers will receive eight feet of cord and a 2-prong polarized plug. Please Note: Standard White Cord (SWH) and White Cloth Cord (CSW) will include a white plug and switch, all other cords will include a black plug and switch.
