

TPR MIRAGE™ LIGHT PANEL WHITE LIGHT

IP65

TPR MIRAGE LIGHT PANEL WHITE LIGHT

Description:

The **TPR Mirage™ Light Panel White Light** is a low profile, solid state lighting fixture for Architectural and Entertainment use. It is IP65 rated for wet locations, uses state of the art LED technology, and is available in several sizes. It is the perfect fixture for back lighting acrylics or glass, and at only 17 Watts it is extremely energy efficient. This product can be dimmed with any 12VDC dimming protocol including DMX 512. With the WestPower®300, multiple units can be run from one control box.
