

AJ OXFORD TABLE LAMP

Designed by Arne Jacobsen

Description

This table lamp emits a pleasant downwardly directed light, which harmoniously illuminates the surface below it through the soft transparency of its triple-layered hand-blown opal glass. In the variant without the top metal shade, the milky opal-glass shade provides further glow to form an alluring halo around the fixture.

Variants

VARIANT NUMBER	COLOR, RAL	W / H / L (IN) / W (LB)
