

VILLAGE SERIES

VILLAGE LUMINAIRE

FEATURES

- The Village Collection Series has over 80 different configurable combinations available for lighting designers and architects to create the perfect post top for their environment
- Clear or Diffused Lensing
- IES Distributions
- Integral Surge and Thermal Protection

CONTROL TECHNOLOGY

SPECIFICATIONS

CONSTRUCTION

- The electrical chamber/fitter is cast aluminum
- Decorative fitter is designed to accommodate the driver assembly and is mounted to 3" OD x 3" H tenon and is secured by three or more stainless steel set screws

ELECTRICAL

- 100V through 277V, or 347V or 480V input, 50 Hz to 60 Hz (UNV)
- Power factor is ≥ 0.90 at full load
- Dimming drivers are standard with connections for external dimming equipment available upon request
- Component-to-component wiring within the luminaire carry no more than 80% of rated load and is listed by UL for use at 600VAC at 50°C or higher
- Plug disconnects are listed by UL for use at 600 VAC, 13A or higher. 13A rating applies to primary (AC) side only
- Fixture electrical compartment shall contain all LED driver components
- Button photocell available
- Ambient operating temperature -40°C to 25°C
- Surge protection - 20kA

ELECTRICAL (CONTINUED)

- Lifeshield™ Circuit - protects luminaire from excessive temperature. The device shall activate at a specific, factory-preset temperature, and progressively reduce power over a finite temperature range. A luminaire equipped with the device may be reliably operated in any ambient temperature up to 55°C (131°F). Operation shall be smooth and undetectable to the eye. Thermal circuit is designed to "fail on", allowing the luminaire to revert to full power in the event of an interruption of its power supply, or faulty wiring connection to the drivers. The device shall be able to co-exist with other 0-10V control devices (occupancy sensors, external dimmers, etc.)

CONTROLS

- Available with Energeni for optional set dimming, timed dimming with simple delay, or timed dimming based on time of night
- Village can be specified with SiteSync™ wireless control system for reduction in energy and maintenance cost while optimizing light quality 24/7

FINISH

- IFS polyester powder-coat electrostatically applied and thermocured
- IFS finish consists of a five stage pretreatment regimen with a polymer primer sealer and top coated with a thermoset super TGIC polyester powder coat finish

FINISH (CONTINUED)

- The finish meets the AAMA 605.2 performance specification which includes passing a 3000 hour salt spray test for corrosion resistance and resists cracking or loss of adhesion per ASTM D522 and resists surface impacts of up to 160 inch-pounds

CERTIFICATIONS

- NRTL Certified, UL8750, UL 1598 and CSA22.2#250. 13-14 for wet locations
- IDA approved

WARRANTY

- 5 year warranty
- See [HLI Standard Warranty](#) for additional information

Accessories

- SWUSB** SiteSync interface software loaded on USB flash drive for use with owner supplied PC (Windows based only). Includes SiteSync license, software and USB radio bridge node⁶
- SWTAB** Windows tablet and SiteSync interface software. Includes tablet with preloaded software, SiteSync license and USB radio bridge node⁶
- SWBRG** SiteSync USB radio bridge node only. Order if a replacement is required or if an extra bridge node is requested⁷

- Notes:
- 1 Must specify group and zone information at time of order
 - 2 Not available with other control or sensor options
 - 3 When ordering Energeni, specify the routine setting code (Example GENI-04). See [Energeni brochure](#) and [Energeni instructions](#) for setting table and options. Not available with sensor options
 - 4 55 Watts max
 - 5 H2 only
 - 6 When ordering SiteSync at least one of these two interfaces options must be ordered per project
 - 7 If needed, an additional Bridge Node can be ordered

CONTROLS

SiteSync – Precommissioned Ordering Information:

When ordering a fixture with the SiteSync lighting control option, additional information will be required to complete the order. The SiteSync Commissioning Form or alternate schedule information must be completed. This form includes Project location, Group information, and Operating schedules. For more detailed information please visit [the SiteSync family page on our website](#) or contact Hubbell Lighting tech support at 864-678-1000.

SiteSync fixtures with Motion control (SWPM) require the mounting height of the fixture for selection of the lens.

Examples: T1/AC/C1/H1/24L-55/4K7/UNV/SWP/2/BBT SiteSync only
