## Square Wall Wash Warm Dim

### DESCRIPTION

The NU3QW-WD 3" recessed wall wash by ALPHABET offers economical and efficient dim-to-warm LED technology from Luminus, premium performance, thoughtful construction and pleasing aesthetics. Offered standard with premium dimming using EldoLED 1% flicker free drivers 120V-277V universal voltage. Also offered 347V. An asymmetric reflector with a highly efficient BrightView angle bending lens offers excellent wall washing with no scalloping.

For the trim version, a minimalistic look is achieved with an ultrathin 1/16" trim that is only 5/16" wide. Color choices of both trim and bezel are offered for a customized look. For the trimless version, a perforated, mud up, regressed trim assembly provides for clean, trim free installation. Perforated mud frame's integrated lip helps guide the joint compound creating a sharp and clean opening.

### HOUSING

Electrocoated 16-gauge cold-rolled steel provides enhanced structural reinforcement and rust prevention. Superior, UL-certified, injection-molded commercial-grade Lexan™ (PC) is used for the frame and regressed bezel trim. Lexan provides unmatched durability and impact resistance, and is tested for UV resistance and water exposure in outdoor applications. The thermally-advanced, anodized heat sink uses 6063 aluminum alloy. Wet location rated is offered standard. A 90-minute constant-power IOTA emergency battery backup is available.

### MOUNTING

An advanced mounting system allows for quick and secure installation with LED and driver serviceability from below the ceiling. The LED assembly uses die-cast aluminum mounting clamp grips (MCG) that swing out to tighten onto variable ceiling thicknesses. Integrated rubber feet on each MCG provide a non-slip vibration-resistant installation. The hidden MCG system is accessible from below ceiling by removing the snap-in lens/bezel assembly with either the included suction cup or a screwdriver blade. Integrated bar hangers feature integral toothed nails, T-bar mounting slots with locking holes, tabs for joist positioning. Retrofit mounting option allows for installation from below ceiling by use of compact driver box. No risk damaging LED or bezel assembly during installation, these are installed during last steps. Fixture and driver are easily removed for servicing after install without damaging drywall.

MOUNTING DIMENSIONS	CEILING THICKNESS	CEILING CUTOUT	New Construction Bar Hangers (Included)	Mounting Length: 14-3/4" to 26"
Trim	1/8" to 1-1/4"	3-1/4" square	Extension Kit p/n: K20266 (ordered separately, 1 per fixture)	Extends a pair of Bar Hangers Total Mounting Length: 29" to 48"
Trimless	3/8" to 1-3/4"	3-1/2" square		

### LISTINGS

- ETLus Listed to UL1598, cETL Listed to CSA C22.2 #250.0
- IP65 with lens - Suitable for wet locations with lens - Suitable for damp locations without lens
- Non-conductive, Lexan dead-front construction
- Made in the USA - meets the requirements of the Buy American provision within the ARRA

### ORDERING CODE

Follow the steps to specify your fixture, example:

NU3 - QW - WD - 13LM - 3018 - 97 - WW - 120 - DIM10 - NC - WH - WH - EM7

LUMINUS (LED)	POWER	CCT AT LIGHT LEVEL (%LF) <sup>3</sup>			
		%LF	20LM	13LM	10LM
650	13	100%	3000	3000	3000
870	17	50%	3000	3000	2800
1300	27	25%	2800	2500	2300
		10%	2200	2000	1900
		5%	1800	1800	1800

Power Factor ≥ 0.9

### NOTES

1. IC/ICAT/CP not available in 13LM.
2. Triac/ELV dimming available in 120V only.
3. Values shown are for reference only. Actual CCT may vary.
4. DIM10 offered in 347V using a dedicated 347V Osram 0-10V 1% Driver. All other dimming option are offered in 347V using a miniature Step-Down Transformer integrated with the Electrical Box. Triac and ELV dimming are not available.
