## LUMENWERX

Project:

Voila 2" wall wash downlights feature innovative Hyflex<sup>™</sup> optics for precise beam control. Shallow construction requires only 4" recess depth. Driver can be replaced through 2" aperture. The Voila COB source with 90 CRI and 2-step color consistency matches other Lumenwerx luminaires, and is available in Chromawerx SOLA (dim-to-warm) and DUO (tunable white). Complete Voila offering includes 2" and 4" apertures; downlights, adjustables, and wall washers; round and square trim; and cylinders; see separate specifications.

### Performance

LUMEN OUTPUT <sup>1</sup>	WATTS	EFFICACY LM/W

## LUMENWERX

Project:

Type:

**DESCRIPTION** Compact fixed or adjustable 2" downlight with multiple output, color, beam, and dimming options.

HOUSING CONSTRUCTION For new construction, 20 gauge powder coated steel. Open frame, type-IC, or Chicago Plenum (CCEA) rated. 18 gauge galvanized steel junction box with ½" trade size knockouts. Adjustable hanger bars and butterfly brackets are included. Hat channel and flush mounted brackets are also available.

Clearance Height: Open frame 4", IC and Chicago Plenum 4" Ceiling Thickness: Can accommodate ½" to 1" Housing weight: Type-IC/Chicago Plenum -7.5 lbs -3.4 kg Open Frame - 5.5 lbs -2.5 kg. Ceiling cut out: 3 ¼" for square and round

#### FIELD REPLACEABLE LIGHT ELEMENT

Adjustability: Hot aiming, lockable, 360° rotation and 30° vertical tilt LED Module: Integral COB module. 90 CRI and 2 SDCM, Standard with options of 80 CRI, or 97 CRI. L80 > 60,000 hours Light Output: From 775-1157 lumens HyFlex™ Optics: Proprietary TIR/reflector with field interchangeable beam smoothing lenses. Optical Accessories: Linear spread lens, hex cell louver, color filters, can accommodate up to two in the light element. Thermal Management: Cold-forged aluminum heat sink to

maximize thermal dissipation.

#### BAFFLE

Die-cast aluminum retained ½" or 1" deep with rare earth magnets. **Trim style options:** Round and square with flanged trim, trimless with mudplate for drywall, or trimless for millwork.

**CHROMAWERX** SOLA (dim-to-warm) and DUO (tunable white). See pages 6 for more information.

#### ELECTRICAL

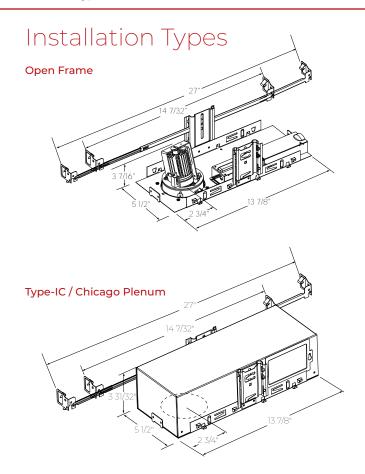

Integral: 0-10V, ELV, TRIAC.

Remote: 0-10V, ELV, TRIAC, Lutron EcoSystem, Lutron Hi-lume, DALI, eldoLED 0.1%, eldoLED 1%, DMX, Lutron T-Series (tunable white). Emergency Options: Bodine emergency battery back-up is installed remotely. For 7W or 10W fixtures, battery provides 6W of power. For 14W fixtures, battery provides 10W of power.

**ENVIRONMENT** Ambient temperature at fixture location shall be within 0°C/32°F - 25°C/77°F, indoor dry or damp as well as outdoor damp use (canopies or marquees).

**LISTING** cETLus listed to UL 1598 and CAN/CSA Standard C22.2 No. 250.0

**WARRANTY** 5 year limited warranty on LED module and power supply. Guaranteed to maintain 70% lumen maintenance.

#### Mounting Options

ACB - Adjustable Commercial Bar Hangers

ASB - Adjustable Standard Bar Hangers

FMB - Flush Mount Bars

#### AHC - Adjustable Hat Channel Bars

### Optics

Hyflex<sup>™</sup> optics provide precise optical control in a remarkably compact form. The core of this four-tier system is a compound reflector with a central TIR element, just 1.06" deep.

### Light Source - LED

Compact COB (Chip-On-Board) LED module, available in 2700K, 3000K, 3500K and 4000K with a choice of 80 CRI or 90 CRI with elevated R9 value (for 97 CRI, consult factory). Color consistency is maintained to within 2 SDCM. All LEDs have been tested in accordance with IESNA LM-80-08 and the results have shown L80 lumen maintenance greater than 60,000 hours. Absolute product photometry is measured and presented in accordance with IESNA LM-79. unless otherwise indicated.

### **Beam Angles**

Wall Wash

### Integral Driver

Unless otherwise specified, Voila comes standard with an integral, 120-277VAC/60Hz, electronic, 1% 0-10V dimming, constant-current LED driver. The driver is field replaceable and features a high power factor, low THD and sources 1 mA on the 0-10V dim line. All integral drivers are located inside the housing and are easily accessible from below the ceiling through the aperture. All dimming drivers comply with IEEE C62.41 surge protection requirements.

### **Emergency Remote**

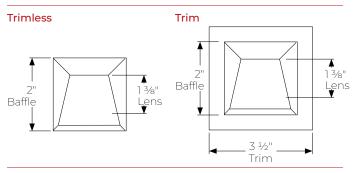

Long-life, high-temperature, emergency LED driver with Lithium Ion battery pack. Features a test switch with charge indicator, minimum of 90 minutes operation. For 7W or 10W fixtures, battery provides 6W of power. For 14W fixtures, battery provides 10W of power. Recharge time of 24 hours.

Trim Dimensions

### HROMAWERX

Chromawerx Sola is single-channel control that dims output while warming the color temperature in a pre-determined relationship. A simple or analog control adjusts a specially populated LED array to emulate the effect of dimming a filament source.

### 

Chromawerx Duo offers a two-channel control system which uses analog or digital protocols for synchronous control of both warm (2700K) to cool (6500K) LED arrays - maintaining a CRI above 90. The range of color DUO offers is useful for entraining circadian rhythms, stimulating alertness, and compensating for jet lag among other applications. The Chromawerx drivers are programmed to limit maximum light output and power usage across all color temperatures.
