## DIMENSIONS

Mounting Features

## USE OF PRODUCT

The Architectural Cylinder Pull Down Series may be used in hospitality，commercial，retail， and residential applications．This product will reduce energy consumption，emits little heat，and reduces cooling loads for added costs savings． Approximately $75 \%$ in energy savings compared to incandes－cent light source．

## HOUSING

Rugged aluminum housing．

## ARCHITECTURAL CYLINDER FEATURES

Wattage： 12 Watts
Lumens： 830 Lumens
Voltage： 120 V
Color Temperature：2700K，3000K，3500K，or 4000K R9 Value： 85
Color Rendering Index： 93 CRI Typical
LED Life：50，000 hours
LED type：Cree LED for maximum light output
Versatility：Interchangeable optics available in $19^{\circ}$
and $38^{\circ}$ ． $365^{\circ}$ horizontal rotations； $65^{\circ}$
vertical drop from nadir．
Warranty： 5 Year Limited Warranty

## LED Driver

Durable 120 Volt dimmable driver provides high power factor with optimum thermal management to prevent damage caused by high temperature．

## DIMMING

The Architectural Cylinder Pull Down Series is dimmable to $15 \%$ with standard 120 Volt electronic low voltage dimmers，various incandescent／ magnetic low voltage dimmers，or to $5 \%$ with select dimmers．

## Mounting

The Architectural Cylinder Pull Down Series may be cable hung，stem mount，surface mount or wall mounted．

## Module Mechanics

－The Architectural Cylinder Pull Down Series provides $359^{\circ}$ horizontal rotation within module and $65^{\circ}$ vertical drop from nadir．－Carefully designed heat sink keeps junction temperatures below unsuitable levels by keeping heat away from the LEDs．
－Diffused lens allows for even light output，glare control，and conceals LED from view．

## Labels／Compliance

CSA Classified
CSA Classified for damp locations．
